

Sports Premium Funding 2014-15

The Government has given every Primary School funding to develop Physical Education and competitive sport.

In our school we are using this money to provide specialist support from a qualified teacher to:

- Plan and teach alongside staff to improve their subject knowledge and confidence and to ensure skills are taught progressively;
- Increase intra school competition across school using older children as leaders to support this;
- Increase pupil activity through improved playground resources as well as introducing early morning activity;
- Bringing in specialist support for specific sports;
- Develop children's understanding of disabilities and equality issues.

We will also continue working with the Pennine Sports Partnership to:

- Increase the amount of competition sport in which our children participate;
- Make links to other community sports providers;
- Develop additional clubs and activities for children, outside the curriculum;
- Encourage our children to improve their leadership skills through sport;
- Give extra support in PE to our most talented children and include those with special needs in sport.

By doing this our aim is to enable our children to gain new skills and experiences and teachers will:

- Learn new techniques and knowledge to aid them in teaching sport and PE;
- Provide high quality lessons and improved learning opportunities for all children.
