

Sports Premium Funding

The Government has given every Primary School funding to develop Physical education and competitive sport.

In our school we are using some of the money to provide specialist support from a qualified teacher to:

- Plan and teach alongside staff to improve their subject knowledge and confidence and to ensure skills are taught progressively;
- Increase intra school competition across school using older children as leaders to support this;
- Increase pupil activity through improved playground resources as well as introducing early morning activity;
- Bringing in specialist support for specific sports.

We will also continue working with the Pennine Sports Partnership to:

Increase the amount of competition sport in which our children participate;
Make links to other community sports providers;

- Develop additional clubs and activities for children, outside the curriculum;
- Encourage our children to improve their leadership skills through sport;
- Give extra support in PE to our most talented children and include those with special needs in sport;
- In this way, our children will gain new skills and experiences and teachers will learn new techniques and knowledge to aid them in teaching sport and PE.
- The long term aim is higher quality lessons and improved learning for all children.
